

### Javelin & Javelin Xtra

The Javelin and Javelin Xtra precision wide-format cutter bar is designed to exceed the most demanding standards of accuracy. Factory laser truing guarantees accuracy to within .008" over the full length of the cut. The accuracy of the Javelin makes it ideal for cutting banner materials, pop-ups and other display materials that require precise and accurate cutting for perfect alignment. For an even more precise cut, add the Lift & Hold Mechanism to your work Bench allowing you to turn your existing work surface into a precision cutting station. Combined with the Big Bench, the Javelin creates a complete cutting table and workstation.

### Big Bench

Constructed of strong anodized aluminum extrusions, the Big Bench creates a solid and precise cutting table and workstation. The stability of the Big Bench with individual level adjustment on each leg provides a firm and flat work surface to ensure extreme accuracy. Special order sizes and additional shelf fittings are available as an option.

#### Cuts up to 13mm

PVC Foamboard, Pop-up Banners, Foam Centered Board, Corrugated Plastics, Fabric & Textiles, Acrylic, Banner, and much more...

Javelin Sizes		
Item#	Cut Size	List Price
60180	40"	\$615
60181	60"	\$660
60182	80"	\$720
60183	100"	\$825
60184	120"	\$1,035

  

Javelin Xtra Sizes		
Item#	Cut Size	List Price
60185	44"	\$615
60186	64"	\$660
60187	84"	\$720
60188	104"	\$825
60189	124"	\$1,035

Big Bench Sizes		
Item#	Cut Size	List Price
60910	40"	\$615
60912	60"	\$680
60914	80"	\$905
60916	100"	\$970
60918	120"	\$1,035

  

Big Bench Xtra Sizes		
Item#	Cut Size	List Price
60930	64"	\$680
60932	84"	\$905
60934	104"	\$970
60936	124"	\$1,035

- Rear loading blade holder for swift replacement; blades will not pull out in heavy material
- Ultra-fine blade depth adjustment
- The Big Bench aluminum table edge extrusion has a cutting base with a narrow groove to accept the blade tip when cutting
- Accuracy to within .008" over the full length of the cut
- 5 year general warranty on all parts (except blades)
- 20 year warranty on the bearings
- 100% made in England

### Practik

The Practik offers exact accuracy for general purpose cutting of wide format materials. The Practik is accurate to within .03" over the full length of the cut and is an economical alternative to the Javelin when less extreme accuracy is required. All Foster Keencut cutter bars use standard utility blades while also featuring a blade depth adjustment and a spring-loaded blade ejector as standard. The utility blades will cut to a depth of .4" and the XR blades cut to a depth of .5".

### Max

If the requirement is for super-wide format cutting then the unique and rigid profile of the Max will ensure accurate cutting of materials up to 200" in width. Available in four sizes, the unique cutter is accurate to within .08" over the full length of the cut.

### Big Bench

Constructed of strong anodized aluminum extrusions, the Big Bench creates a solid and precise cutting table and workstation. The stability of the Big Bench with individual level adjustment on each leg provides a firm and flat work surface to ensure extreme accuracy. Special order sizes and additional shelf fittings are available as an option.

#### Practik Sizes

Item#	Cut Size	List Price
60230	40"	\$515
60231	60"	\$535
60232	80"	\$565
60233	100"	\$625
60234	120"	\$750

#### Max Sizes

Item#	Cut Size	List Price
60960	140"	\$955
60962	160"	\$990
60964	180"	\$1,060
60966	200"	\$1,195

#### Big Bench Sizes

Item#	Cut Size	List Price
60910	40"	\$615
60912	60"	\$680
60914	80"	\$905
60916	100"	\$970
60918	120"	\$1,035
60920	140"	\$1,260
60922	160"	\$1,325
60924	180"	\$1,390
60926	200"	\$1,615
